RESPONSE TO RESTRICTION REQUIREMENT

Sir:

In response to the restriction requirement mailed 9/30/96, Applicant elects claims of Group IV viz. claims 12 -14 without traverse. Claims 12 - 14 relate to a distributed test system analyzing engine condition through exhaust analysis where the distributed test system includes a real time link between exhaust analysis during operation and service center comparison with manufacturers' standards and/or prior operating analysis data from the vehicle. The system anticipates failure before towing to a garage after breakdown for analysis. Accordingly, it is believed that claims 12 - 14
